Continuation of Substance of Interview including description of the general nature of what was discussed: Discussed possible claim language to overcome current prior art rejection and place application in better condition for allowance. Suggested the removal of the first "at least one of phrase" in wherein clause of the "recommending business activities step of claim 1, or clarification of the wording to explain which alternatives are required and to avoid antecedent basis problems with dependent claims. Similar suggestions were made for claim 11 and claim 18. Also for claim 18, suggested to applicant correcting minor grammatical errors in the "automatically modify step," and including a step of transmitting the recommendations similar to that found in claim 11 to tie in the function central data center found in the preamble of claim 18. Advised applicant that all newly submitted amendments would be subject to an additional search.

In a follow up interview on 11/23/05, Examiners discussed additions problems with the claim language in claims 1-5, 8, 11, and 18 in response to the informal supplemental amendment sent to Examiner Porter on 11/21/05. Suggested further claim language suggestions to eliminate 112, 2nd issues, grammatical problems, and applicant's intent with use of specific language/phrases. Again, advised applicant that all newly submitted amendments would be subject to an additional search.
